REBEL KENT AMBER ALE

Style | ABV

American Amber/Red Ale | 5%

True to his name, Kent took a Belgian Abbey Single, upped the ABV, and added some rye malt to create an amber ale unlike any that came before it.

FIRST KISS

Style | ABV

American Double/Imperial IPA | 8.2%

The sweet, yet earthy tones of the hops seduce you with an alluring aroma. At 110 IBUs, this beer may intimidate, but fear not: once you dive in, the subtle malt profile and mellow sweetness of local honey rein it in.

CASHMERE HAMMER

Style | ABV

American Stout | 6.5%

For this beer, we started with the rye and piled it on, ensuring it would play first fiddle. The rest of the ingredients – the base, dark, and caramel malts, along with the Czech Saaz hops – were selected for their ability to highlight the rye and play off of its boldness.

REALLY COOL WATERSLIDES

Style | ABV

American IPA | 6.2%

Its smooth malt profile lets the hops do the talking. We combine three hop varieties over a ninety minute boil in three separate additions. To finish it off, we dry hop the bejeebers out of it, resulting in a robust and tantalizing aroma.

UBER JOE

Style | ABV

American Dark Wheat | 10%

The aroma greets you with a mix of vanilla, coffee, and maple candy. As you take your first sip, coffee carries through first with the classic combination of vanilla and chocolate right on its heels. These flavors then give way to the distinct taste of maple that lingers on the palette.
