THE LAUNCH

Eddy moved to Lake Mille Lacs with his family in 1949. At age 15, his dream was to command the largest fleet of fishing vessels on the lake. This is exactly what he did. In 1960, Eddy opened a resort and spent every winter handcrafting a new launch boat with his crew. Each boat is numbered according to the year it was made; boats 6, 8, 9, and 10 signify the years 1966, 1968, 1969, and 1970. These launch boats are still in use today.

THE ORIGINAL SIX

All of the launches at Eddy's are part of the original fleet of 15 boats hand-built by Eddy and his crew. They range from 42 to 45 feet long and are 12 feet wide.

THE FLAGSHIP

Our flagship is the largest boat on Lake Mille Lacs, weighing in at 20 tons. This extraordinary launch is 72 feet long by 16 feet wide and requires twin V-8 motors to push it across the lake. With space for up to 48 passengers, it is said to be the largest launch in the world!
